Focus

fündc is an international architecture and urban design studio operating from Madrid. Through stimulating concepts we envisage the world between dream and reality. **fündc's objective is to become a unified source of design solutions.** In this sense fündc offers solutions in the fields of: architecture, urban planning, interior and event design, graphic and image design.

fündc's approach is interdisciplinary.

Staff

The staff is currently composed of 4 architects with multicultural background and focused on innovative and sustainable results, based on an open and multidisciplinary approach.
